

Music Guild Audition Tips

- For summer show auditions, you are encouraged to come to the first weekend of the auditions if possible (winter and spring shows have only one weekend of auditions). If you are healthy and the weather is good, then get to the auditions the first weekend, as these things could change before the second weekend and you could miss the opportunity to audition.

- You may be asked to sing, dance, and read aloud from a script or from other provided materials.
- Bring 16 bars of sheet music that you will sing from (can be any 16 bars of the song). You will likely be cut off after 16 bars as there are many auditioners to be heard during auditions. (Recorded music is **not** allowed for auditions)
- Try to sing a song that is complementary of the music in the show you are auditioning for and that complements your voice.
- Try to use music that is not too complicated as this may be the first time the accompanist has ever seen the music.
- Use a song you are comfortable with. If you break going for that high note, it is not impressive.
- Dress comfortably - in case you are asked to learn and perform a short dance routine.
- If possible, familiarize yourself with the shows for which you will be auditioning.
- If your summer schedule permits, audition for all 3 shows! You never know when a director might think you are perfect for a part you are unaware of.
- It is possible that once you are cast in a show, you may be asked to purchase tights or other special undergarments for health reasons.
- The part you are cast in may require a specific type of character shoe. The choreographer can **usually** order shoes at a discounted price.
- Please arrive for your audition at least 45 minutes prior to the end of the posted audition time to ensure that you get a fair amount of time for your audition.
- You will be contacted by phone by one of the members of the directing staff if you are cast in a show, generally the week after the last auditions are completed. Due to the volume of people who come to auditions, everyone can not be contacted by phone, so if you do not get a call, you will receive a letter from the producer.
- EVERYONE is nervous, so you are not alone.
